

# TransPAR<sup>®</sup> LD

## Transparent shading paint

**TransPAR<sup>®</sup>** stimulates plant growth by allowing Photosynthetically Active Radiation (PAR).

**TransPAR<sup>®</sup>** successfully deflects infrared rays. The temperature inside greenhouses is decreased by approximately 10°C on very sunny days.

15 kg

### DILUTION

1 vol of product  
+  
3 - 5 vol of water

0110-08W-00AUK

Properties of **TransPAR<sup>®</sup>** :

- Is harmless to both gutters and frames and is suitable for all types of glass and polycarbonate greenhouses and plastic tunnels.
- **fluid gel**, is diluted in water and forms a **uniform film** on the greenhouse surface.
- is sprayed after the dew on sunny mornings, on a clean greenhouse, for a better result.
- Resistant to rain after 24h of drying (resistant to little rain after 6h of drying), it protects plants for several months.
- It is **economical**, a **single layer** is sufficient at the start of the season, and 15kg can cover 350m<sup>2</sup> approximatively (dilution 1 for 3).
- It can be **easily washed off** at any time using **LDNet**

Biodegradable

Harmless to the environment and to the user:  
Neutral odour.

It does not contain any substances that may damage the environment.  
Biodegradable for more than 90% , and safe to use for organic cultivation.

**FOR PROFESSIONAL USE ONLY IMPORTANT NOTE:** The information in this data sheet is not intended to be exhaustive and is based on the present state of our knowledge and current laws. The given data is based on average observed results. Our suggestions do not relieve the user of the necessity to test our products and to verify for the suitability for the purpose envisaged according to the used conditions. Any person using the product for any purpose other than that specifically recommended in the technical data sheet does so at his own risk. Always read the safety data sheet and the technical data sheet for this product. All advice we give or any statement made about the product by us (whether in this data sheet or otherwise) is correct to the best of our knowledge but we have no control over the quality or the condition of the substrate or the many factors affecting the use and application of the product. Therefore, we do not accept any liability whatsoever for any loss damage arising out of the use of the product. All products supplied and technical advices given are subject to our standard terms and conditions of sale. You should request a copy of this document and review it carefully. The information contained in this data sheet is subject to modification from time to time in the light of experience and our policy of continuous development.
